

Assisi Pilgrimage

Franciscan Road

"A Pilgrimage is a way of praying with your feet. You go on a pilgrimage because you know there's something missing inside your soul, and the only way you can find it is to go to sacred places, places where God made himself known to others. In sacred places, some things gets done to you that you've been unable to do for yourself."

-Ian Morgon Cron

THE PURPOSE OF A PILGRIMAGE

A Pilgrimage is a time set aside to walk, preferably with others, symbolic of our journey alongside God, much as the two disciples walked the road to Emmaus with Christ following his resurrection. At the end of that walk, which involved conversation, questions and learning together, the three broke bread and and the disciples received a revelation about who their companion truly was. Pilgrimage sets out in anticipation of revelation and involves walking, talking and eating together.
